# CONFERENCE AGENDA

## Day 1

1 March 2020

- 07:30**      **Registration**
- 09:00 - 10:00    **OFFICIAL OPENING CEREMONY**  
King Abdullah Cultural Center - The Royal Commission in Jubail – Kingdom of Saudi Arabia  
Holly Quran  
Short Movie  
Welcome Address by Conference Chairman  
Keynote Speaker  
**TBC**  
Honoring Sponsors
- 10:00 - 10:30    **Coffee Break & Refreshment**
- Session 1:**
- 10:30 - 10:50    **Trevor Nicholl**  
Assistant Director of Waste Resources for the Greater Cambridge Shared Waste Service  
England's new Resources and Waste Strategy – moving from linear to circular economy
- 10:50 - 11:10    **Juan Lekube**  
Head of Waste & Circular Economy at IDOM  
A big leap towards Circular Economy: the Case Study of Gipuzkoa (Spain)
- 11:10 - 11:30    **Ibrahim Nazer**  
President, Tamaya Center  
Circular economy initiative in Saudi Arabia mining industries
- 11:30 - 11:50    **Dr. Bassem Nassouhy**  
Waste Management & AFR Consultant / Consultant at FNRC  
Open New Horizons for Sustainable Waste Recycling in KSA
- 11:50 - 12:00    Q and A
- 12:00 - 12:30    **Networking Break**
- Session 2:**
- 12:30 - 12:50    **Jorgen Logstrup**  
Founder & CEO Danish Rootzone Technology  
Waste to Value
- 12:50 – 13:10    **Hesham Al-Jabr**  
CEO and CoFounder of Tadweer Saudil  
From Food Waste to Compost: A Saudi Case Study
- 13:10 – 13:30    **Pradeep Joshi**  
Group president & CEOSECO Technical partner  
Waste to Profits
- 13:30 - 13:50    **Dr. Ammar AL Khani**  
Manager, Environment Consulting at GLECO  
Sustainability Management of Wastes in a Green Smart City
- 13:50 - 14:00    Q and A
- 14:00 – 15:00    Lunch and End of Day 1

# CONFERENCE AGENDA

**Day 2**

**2 March 2020**

## Session 3:

- 09:00 - 09:20 **Prof. Ibrahim Abdulwahid Arif**  
President of Saudi Biological Society  
Implementing waste management master plan through private sector involvement
- 09:20 - 09:40 **Samir M Nawar**  
President & CEO at Petromin Corporation  
USED OIL MANAGEMENT
- 09:40 - 10:00 **William (Bill) Smith**  
Global Environmental Management Services  
Recovery of Non- Recyclable Waste – Gasification of Low Heating Value Heterogeneous Material
- 10:00 - 10:10 Q and A
- 10:10 - 10:30 Networking Break

## Session 4:

- 10:30 - 10:50 **Sarah Poulter**  
Chief Executive CIWM  
TBC
- 10:50 - 11:10 **Gordon Boyd**  
Waste Consultant  
End of Waste Protocols
- 11:10 - 11:30 **Khalid Al Othman**  
CEO at Kawn Environmental Services Company  
Integrated Environmental Management for Municipal Solid Waste
- 11:30 - 11:50 **TBC**  
Royal Commission in Jubail  
TBC
- 11:50 - 12:00 Q & A
- 12:00 - 12:30 Networking Break
- 12:30 - 14:00 Panel Discussion
- 14:00 -15:00 Lunch and End of Day 2

# CONFERENCE OVERVIEW

## حول المؤتمر

The Maintenance and Operation sector, represented by the Environmental Services Department, plans to organize a conference and exhibition on Municipal Waste Management and Recycling during the period from 1 - 2 March 2020 at King Abdullah Cultural Center in Jubail Industrial City. The conference aims at showing the latest technologies in The field of recycling waste from the individual and commercial and government facilities and exchange experiences with various international companies and successful experiences in municipal waste management and recycling.

The themes of the conference will be as follows:

- Effective and sustainable best practices, systems and standards in accordance with the principle of sustainable management of the municipal waste sector designed to engage the community and productive sectors in the best and shortest way.
- Future economically feasible projects such as converting plant and animal wastes into biofuels in accordance with the latest environmentally compliant technologies and the possibility of integration with other parties to make the idea of an environmental dimension through the exploitation of excess water and the cultivation of plants with high oil content and genetically modified and design of the project as an educational and environmental project through cooperation with research centers and investors.
- Challenges for converting municipal waste into electrical energy and appropriate solutions to achieve the highest percentage of municipal waste conversion from sanitary landfills through cooperation at the national level among waste producers.
- Green technologies to convert construction waste, rubble and tires into products that add value to the economy, best policies, practices and advanced global experiences.
- Efficient engineering design that achieves safety and reduces risks in sanitary landfills through modern technologies such as the collection and treatment of gases such as methane gas to benefit from it as an energy product as well as the experience of (Land Mining) in sanitary landfills to re-exploit spaces for old cells closed.

يعتزم قطاع التشغيل والصيانة ممثلًا بإدارة الخدمات البيئية إقامة مؤتمر لإدارة النفايات البلدية وإعادة التدوير، ومعرض مصاحب خلال الفترة من 1 - 2 مارس 2020 م في مركز الملك عبدالله الحضاري بمدينة الجبيل الصناعية، والذي يهدف إلى عرض لآخر التقنيات في مجال إعادة تدوير النفايات الناتجة من الفرد والمرافق التجارية والحكومية وتبادل الخبرات مع مختلف الشركات العالمية والتجارب الناجحة في إدارة النفايات البلدية وإعادة التدوير.

وستكون محاور المؤتمر كالتالي:

- أفضل الممارسات والانظمة والمعايير الفعالة والمستدام وفق مبدأ الإدارة المستدامة لقطاع النفايات البلدية والمصممة لإشراك المجتمع والقطاعات المنتجة بأفضل الطرق وأقصرها .
- المشاريع ذات الجدوى الاقتصادية المستقبلية كتحويل النفايات النباتية والحيوانية الى وقود حيوي وبما يتوافق مع أحدث التقنيات السليمة بيئياً وإمكانية التكامل مع جهات أخرى لجعل الفكرة ذات بعد بيئي من خلال استغلال المياه الزائدة وزراعة النباتات ذات المحتوى الزيتي العالي والمعدلة وراثياً وتصميم المشروع كمشروع إرشادي تعليمي بيئي وتجاربي من خلال التعاون مع مراكز الأبحاث والمستثمرين.
- التحديات لتحويل النفايات البلدية الى طاقة كهربائية وسبل الحلول الملائمة لتحقيق أكبر نسبة من تحويل النفايات البلدية عن المرادم الصحية وذلك من خلال التعاون على المستوى الوطني بين الجهات المنتجة للنفايات.
- التقنيات الخضراء لتحويل نفايات البناء والأنقاض والإطارات الى منتجات ذات قيمة مضافة للاقتصاد وأفضل السياسات والممارسات والتجارب العالمية المتقدمة.
- التصميم الهندسي الفعال والذي يحقق السلامة ويحد من المخاطر في المرادم الصحية من خلال التقنيات الحديثة كتجميع ومعالجة الغازات كغاز الميثان للاستفادة منه كأحد منتجات الطاقة وكذلك تجربة (Land Mining) في المرادم الصحية لإعادة استغلال المساحات للخلايا القديمة المقفلة.

# SPONSORSHIP OPPORTUNITIES

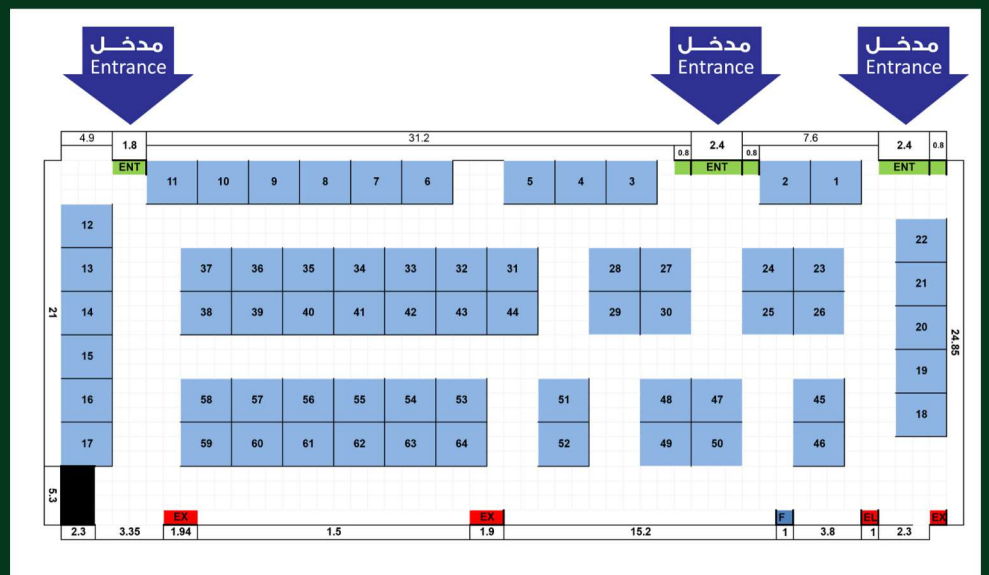

Sponsorship provides a great means of broadening your competitive edge by improving your company's image, prestige and credibility by supporting events that your target market finds attractive. By sponsoring the Conference or by taking advantage of the various branding opportunities, your company will have the opportunity to promote your products or services to all attendees that may have little or no knowledge of your brand, raise your company profile against competitors and enjoy the benefits of our competitive marketing campaigns.
